

OPT OUT TODAY!

The Maryland Public Service Commission issued Order No. 84926 on May 24, 2012 following a nearly 12-hour public hearing on whether to allow customers to opt out of the Smart Meter program. The Maryland Public Service ordered that customers can defer installation until it makes its decision on opting out. In order to defer the installation of a Smart Meter on your home or business, the PSC's order indicates that you must do so in writing. You can write your own or use the form below.

We recommend that you send your notice via certified letter to:

Baltimore Gas and Electric
Smart Grid Deferral
P.O. Box 1475
Baltimore, MD 21203

PEPCO Smart Grid Deferral
701 9th Street NW
Washington, DC 20068

Delmarva Power Deferral
Bay Regional Office
2530 N. Salisbury Blvd.
Salisbury, MD 21801

Also send a letter to the Public Service Commission telling them you have opted out and want a moratorium on the installation of Smart Meters. Insist on independent safety testing and certification along with peer reviewed studies that consider a typical home and business environment.
